All other groups are for skids etc promoting deals with fake groups like lapsus 😏

Are you trying to attack us ZeroDayX ? 🤪

Do people know that you claim hacks that you didn't do? 🤔🤔

know that if you want to attack us it's a very bad idea, the group is still in the "armament" phase it won't wait long before recovering a significant number of personnel. 🤔

You dare to claim that LAPSUS\$ is Fake??, know that some of our friends have fallen, but some old ones are still there. 🤔

Do you perhaps want us to clarify the old hierarchy and the future hierarchy?

Maybe this will calm you.

Besides, ZeroDayX, you supposedly want to take over the ENTIRE LULZSEC? HAHAHAH let me laugh.

You are already not capable of managing yourself, you attack your colleagues, you are a traitor, And you will pay one day.

Fucking idiot. 🤔
