TWELVEROFF - 12% OFF

IAFIE Aligned · PHIA Standards · CISA NICCS Catalog

Featured Cyber Intelligence Certification Programs

Flagship certifications, discounted bundles, and specialty courses in cyber intelligence, counterintelligence, cognitive warfare, AI-infused tradecraft, and transnational cybercrime analysis. Every program delivers real certifications, real CPE credits, and operator-grade tradecraft from Treadstone 71.

TWELVEROFF Apply at checkout for 12% off any featured program below

FLAGSHIP PROGRAMS

Full Certification Tracks

End-to-end analyst and counterintelligence certifications with CPE credits, structured labs, mentor support, and AI-assisted tradecraft exercises.

BEST VALUE · TRIPLE CERT

Mastering the Tradecraft Bundle

Generative AI Cyber Intelligence, Counterintelligence, and Transnational Cybercrime certifications bundled into one program. Three certifications, one enrollment, massive savings.

Mode: OnLine CPE: ~156 combined Certs: 3

~~\$13,000~~ **\$6,999**

ENROLL NOW

FLAGSHIP · 52 CPE

Generative AI Cyber Intelligence Tradecraft – Certified Analyst

Advanced tradecraft with OSINT, structured analytic techniques, bias mitigation, AI-assisted reporting, forecasting, source validation, OPSEC, and case-driven analysis.

Mode: Self-paced Length: 16 weeks CPE: 52

\$4,699

VIEW PROGRAM

ANALYST TRACK · ~52 CPE

Transnational Cybercrime & Crimeware Analyst

Scenario-driven training on cybercrime ecosystems, crypto-enabled economies, structured methods, deception detection, and cross-border investigations. Aligned to EC3 and Eurojust frameworks.

Mode: Online CPE: ~52

\$4,699

VIEW PROGRAM

COUNTERINTELLIGENCE

Generative AI – Certified Cyber CounterIntelligence Analyst (CCIAI)

Deep focus on adversarial deception detection, disinformation strategies, and counterintelligence operations. AI-infused tradecraft exercises throughout.

Mode: OnLine Cert: CCIAI

\$3,499

VIEW PROGRAM

CRYPTO CI · AI-INFUSED

Cryptocurrency Certified Cyber CounterIntelligence Analyst

AI-driven counterintelligence techniques for cryptocurrency-based threats. Blockchain tracking, darknet operations, and crypto-enabled crime disruption at scale.

Mode: Online

\$3,499

VIEW PROGRAM

STRATEGIC LEADERSHIP

Building & Enhancing Your CTI Program with Strategic Intel Analysis

Develop and strengthen your CTI program through strategic intelligence analysis, structured threat assessment methods, and executive decision support architecture.

Mode: Online
